SUMMARY

- Currently pursuing Bachelors of Engineering in Jadavpur University(2019-2023).Passionate about riskmanagement and other customer service skills .

TECHNICAL SKILLS

- C++,Python
- HTML,CSS,Javascript
- AWS
- Machine Learning
- Node.js,Express.js, Mongoddb

EXPERIENCE

Brevids

Software Engineering Internship

Internship

June 2022 to August 2022

- Researching and developing a full-fledge video summarizer app using python,NLP,flask,aws and depolying it on EC2.

IIT Dhanbad

Research Intern

Summer Research Internship

June 2021 to August 2021

- Completing a research paper on Compressive strength of soil with various machine learning algorithms.
Achieved results-(Xgboost-94.44 percent, GradientBoost-94.28 percent, Randomforest-91.8 percent.)

PROJECTS

Geolocational Data Analysis

Backend Developer

Machine Learning Project

August 2021 to October 2021

- Predict the preferences of students with K-means algorithm and extract data with the help of fourscore API and again using K-means for prediction and folium for better visualisation of the predicted data.

Zeta Pvt.ltd

Backend Developer

Hackathon

August 2021 to September 2021

- Completed a loan predictor website in which machine learning algorithm (Logistic Regression) was implemented and was integrated with Flask.

Attire trends

Front-End developer

Buisness Website

- Built a working front-end website which accepts requests of orders from customers directly into the buisness mail.

EDUCATION

- **Jadavpur University-** 8.893 CGPA (2019-23)
- **Class 12-** 79.33 (2018-19) (With Specialization in Computer Application)
- **Class 10-** 90.5 (2016-17)

ACHIEVEMENTS

- 1648 rank in Google Kickstart-22.
- 998 out of 100k+ rank in Codevita.
- Pupil(1315 rating) in Codeforces
- 1760 rating in Leetcode
- 400+ problems solved in leetcode.
- 514 rating at atcoder.
- 300+ problem solved in GeeksforGeeks.
- Runners up in Green Canvas,Megalith-2019,IIT kharagpur.

LANGUAGES

- English
- Hindi
- Bengali

HOBBIES

- Singing
